2022 TACHS PREP COURSE And TEST TAKING STRATEGIES

Students review the math, reading, writing, vocabulary and grammar skills tested on the TACHS Exam. They also examine old exams and learn test taking strategies to help them work more efficiently and with greater confidence.

Classes are completed the Saturday before the exam and taught by experienced SJB Math and English teachers. These factors combine to give our Prep Course students a strong advantage when they take the exam.

We are also offering a Test Taking Strategies Class the Friday evening before the Exam.

Dear Parent and/or Guardian:

If you are planning to have your son or daughter attend one of the nine Catholic high schools on Long Island in September 2023, he or she is required to take a rigorous entrance examination in 8th Grade as part of the admissions process. This exam will be administered on November 5, 2022.

We have designed our **Prep Course and/or Test Taking Strategies** to help your child improve his/her test-taking skills to prepare him/her in the five sections of the exam: Reading, Word Study, Grammar, Mathematics and Writing.

Your child will learn proven test-taking strategies to work confidently and effectively to optimize his/her scoring potential.

A higher score on the Exam will increase your child's chance of being accepted by their school of choice.

We urge you to enroll your child today, as classes are likely to fill quickly.

Cordially,
Mr. Biagio M. Arpino, Principal
